Albert - real pleasure to finally (e)meet and thx for the call. Not sure that the baby will pop out today, but I'm trying to make good use of the time I've left ;)

As discussed:

1. Please share the legal docs. If the previous ones you got for the other coins are for the same structure, they should also be fine.
2. Please connect us to your compliance team so we see how can we reduce the costs.
3. You and Jason should close the loop together with Fireblocks and update
4. Please share your offer in terms of costs and exclusivity

Thanks again and thank you Jason for arranging

Guys—

Great call today! Glad we are all on the same page!

@Albert—please share docs as mentioned with @Roni!

@Roni will respond when he is able (he's having a baby RIGHT NOW!, but we are well aware of the timeline now and it is a main priority for us).

Reserve “stETH” and all else “stDASH” etc @Albert!!

Best,

Jason
